CLEANING AND
CARE PRODUCTS

THENEROL BetoClean

HIGH PERFORMANCE CONCRETE REMOVER WITH AN ADVANCED AND SUPERIOR FORMULATION FOR THE CLEANING OF READY MIX VEHICLES AND CONSTRUCTION APPLIANCES

For the thorough and quick removal of concrete, mortar and cement residues, we have a new type of highly active concrete remover on the basis of an innovative raw material.

This enables the user to process the product in a significantly safer way and achieves excellent results even with stubborn stains.

PRODUCT VARIANTS

| | THENEROL BetoClean | THENEROL BetoClean PLUS | THENEROL BetoClean PLUS fluid |
|-----------------------------------|-----------------------|----------------------------|----------------------------------|
| Variant gel-like | x | x | |
| Variant fluid | - | - | x |
| Corrosion protection | x | - | - |
| Increased Corrosion protection | - | x | x |

CHARACTERISTICS

- Fast and effective removal and cleaning of tough and hardened concrete residue.
- Reduced consumption due to the innovative gel formulation which adheres effectively to the concrete.
- Mild and gentle odour.
- Effectively eliminates grease and residue left on surfaces.
- Gentle on painted surfaces, plastics and seals.
- Preserves seals, plastic and lacquer surfaces.
- Significant reduction of corrosion effects.
- Easy to transport, no hazardous goods within the meaning of the ADR.

AREAS OF APPLICATION

- concrete mixing vehicles and pumps
- construction machinery
- stone making machines
- tools
- work equipment

THENEROL MS ECO UNIVERSAL MIXER PROTECTION

THENEROL MS ECO is a universal care product based on renewable raw materials, which is used for sustainable protection against concrete and mortar residues.

This makes it much more difficult for dirt to adhere and the surfaces look as good as new for longer.

CHARACTERISTICS

- based on renewable raw materials
- solvent-free
- ready to use
- sprayable
- low consumption

AREAS OF APPLICATION

- concrete mixing vehicles and pumps
- construction machinery
- stone making machines
- tools
- work equipment

AT A GLANCE: FABRINO

FABRINO is a leading, specialist provider within the global construction industry, made up of two distinct business divisions; Architectural Concrete and High-Performance Fibers.

Our customers include precast and ready mix concrete manufacturers, construction companies, industrial floor providers as well as building material distributors. As well as providing for our direct customers the active support of our industry partners, including architects and contractors, is something we pride ourselves in.

OUR PRODUCTS

Architectural Concrete Division: Innovative products for the refinement, colouring and protection of architectural concrete and cast stone.

High-Performance Fibers Division: High-quality products for the reinforcement and enhancement of industrial floors, concrete slabs, exterior concrete surfaces, shotcrete, precast elements and railway lines.
