

# PHOTO CONCRETE

PICTORIAL CONCRETE SURFACE

## **AT A GLANCE:** **FABRINO PHOTO CONCRETE**

Concrete is the most creative building material of the 21st Century. For more than 15 years, we have been realising the wishes of architects and planners with our innovative photoconcrete system developed in-house.

Whether photos or logos, with our concrete finishing processes detailed imagery can be imprinted into the concrete for everlasting effect. This is Architecture for the future.

### **CHARACTERISTICS**

- Use of a stable rollable photoconcrete foil
- No size limitation for planned formats
- Photoconcrete foil also available in a self-adhesive version
- Easy to transport
- Fast production times of photoconcrete foils

### **AREAS OF APPLICATION**

- Façade elements
- Floor slabs
- Wall panels
- Cantilever retaining wall
- Bespoke concrete products

## AT A GLANCE: FABRINO

FABRINO is a leading, specialist provider within the global construction industry, made up of two distinct business divisions; Architectural Concrete and High-Performance Fibers.

Our customers include precast and ready mix concrete manufacturers, construction companies, industrial floor providers as well as building material distributors. As well as providing for our direct customers the active support of our industry partners, including architects and contractors, is something we pride ourselves in.

## OUR PRODUCTS

**Architectural Concrete Division:** Innovative products for the refinement, colouring and protection of architectural concrete and cast stone.

**High-Performance Fibers Division:** High-quality products for the reinforcement and enhancement of industrial floors, concrete slabs, exterior concrete surfaces, shotcrete, precast elements and railway lines.

The FABRINO logo is displayed in a bold, white, sans-serif font. The letters are closely spaced, and the 'i' in 'BRINO' has a distinctive dot. The logo is set against a dark, textured background that appears to be a close-up of a concrete surface with the word 'FABRINO' embossed in large, capital letters.
